

# SYTA'S EDUCATORS' BUYERS GUIDE

---

2022. TOUR OPERATORS. SUPPLIERS.

Knowing who you can turn to when planning student travel has never been more important. *Teach & Travel*, the official publication of SYTA, is proud to bring you the 2022 Educators' Buyers Guide. Educators will find a list of every SYTA Active Member company—travel planners, buyers, tour operators and travel agents—along with names of Associate members who can provide guidance on how to help students and you travel safely amid the COVID-19 pandemic.

The Student & Youth Travel Association (SYTA) exists to instill confidence in travelers by establishing quality and safety standards for travel providers, and we empower our members through advocacy, education, training and networking opportunities. To that end, we are proud to connect you with professional travel planners ready to assist your student travel needs.

**For more information and resources, visit [syta.org](https://www.syta.org).**

## WHAT IS SYTA?

SYTA is the nonprofit professional trade association that promotes student and youth travel and seeks to foster integrity and professionalism among student and youth travel service providers. SYTA is **"The Voice of Student and Youth Travel."**

## OUR MISSION

The Student & Youth Travel Association is the premier association of businesses dedicated to providing life-enhancing travel experiences to students and young people. We instill confidence in our travelers by establishing quality and safety standards for travel providers, and we empower our SYTA members through advocacy, education, training, and networking opportunities.

## SYTA'S SAFETY COMMITMENT

SYTA is announcing a significant expansion of its student travel safety program, including the establishment of new comprehensive standards for student travel operators and suppliers and the creation of a certification program for individuals and companies specializing in student travel. In 2020, SYTA launched the Certified Student Travel Organization certification and re-established the requirements for the Certified Student Travel Professional certification. CSTO & CSTP respectively, provide a framework for student travel organizations and their staff to learn, train, and guide their clients—in thorough safety standards and protocols. SYTA members actively participate in health and safety measures that are in place for student travel.

### CENTER FOR STUDENT TRAVEL SAFETY

*Safety standards and certification programs were developed with educators, administrators, and schools who share the same passion for travel and student travel safety as SYTA members. The certification programs will be administered through the Center for Student Travel Safety.*

**NOTE: Currently, only Student Travel Organizations and Professionals are eligible for certification.**

### SAFETY RESOURCE CENTER

*SYTA believes student travel safety is a partnership between student travel companies and their clients. To that end, SYTA provides education, research, and resources to educators through Teach & Travel magazine and e-newsletters, the new Safety Resource Center on SYTA.org, and the Teach & Travel EdWeb community.*

<https://syta.org/travel-tools>  
<https://home.edweb.net>

### STUDENT & YOUTH TRAVEL DIGEST

*The Student & Youth Travel Digest provides data on all aspects of student travel, domestically and globally. SYTA is committed to providing research that informs and educates student travel professionals and group leaders on trends affecting student travel. In the SYTD on Educators, you will be able to review your travel program against those of other educators to compare trip purpose, destinations, length of stay and costs.*
