Pixel Audience

Navigation: Business manager < Ads Manager<All Tools<Assets<Audiences < Website Traffic

- The **Facebook pixel** is a piece of code you place on the backend of your website to track visitors to your site. The pixel allows you to run highly targeted campaigns, so it's important to install it before running Facebook ads.

How to Set-up your Pixel:

- <https://goo.gl/8YwAZw>

How to Add your Pixel to your Website:

Defining your audiences

Before you start creating your audience, you may want to think of as many attributes of your intended audience as possible;

- What do they do in their spare time?
- What publications do they read?
- What sports do they watch?
- What sports do they participate in?
- Which types of art do they enjoy?
- What types of food do they enjoy?

Audience Best Practices

- Tailor to each promotion
- Manageable size
- Maximize options
- Create warm contacts
- NEVER....

Facebook Advertising Master Class August, 2019

Many tourism pros and industry leaders find they don't have the time or talent to allocate to develop their social media marketing platforms. The fact is that while social media marketing is an indisputable leader in awareness, engagement and opportunity, many don't understand the strategy or the ways to incorporate this key element into their business plan.

Customized Management Solutions can help. Strategy, Design, Implementation, Analysis, Consultation. We'll **build your social sites**. That's not all....we'll also **post directly to your sites for you!** All this for a reasonable investment.

Need some help building or tweaking your strategy? We can work together on a **coaching** basis to create or update your marketing strategy and integrate your social & traditional marketing.
