

## CARES Act – Payroll Protection Program – key resources available

---

Great news! The [Paycheck Protection Program application](#), as included in the CARES Act, is now available. This program will provide the much needed financial resources for business leaders like you to keep your employees paid, your business going and the economy moving as we navigate through the COVID-19 pandemic.

[Click here to download the application form.](#)

Filling out the application is pretty straightforward, but one of the key pieces of information you will need is your total payroll costs. Insperity has created a preliminary version of this report to assist you with calculating the amount needed to complete your Paycheck Protection Loan application.

[Click here to access Insperity Premier™ and run your Paycheck Protection Program Loan Report.](#)

*Please note: Access to this report is limited to those who have web reporting and salary access profiles. We will continue to update the report as further guidance is provided.*

We are developing resources to help provide you the most current information, including:

- [Webinar: CARES Act of 2020 – Opportunities for Small Businesses](#) (March 31)
- [CARES Act Overview Guide](#) (March 30)
- [Webinar: The Families First Coronavirus Response Act](#) (March 27)

You can also visit [Insperity's COVID-19 Resource Center](#) for the latest updates.

Thank you for the opportunity to serve your business. We've never been more committed to you, your employees and our communities – and together, we will get through this challenging time.
