***Why is the term of office three years?***

Board members say that it can take up to three years to be a fully functioning and contributing member of the Board. The first year is “orientation”, the second year you understand Board governance and how SYTA and SYF work together, and the third year you are able to truly contribute as a leader and guide new board members.

***What is expected of me as a Board member?***

Board members are expected to attend two face-to-face board meetings (typically two nights/three days) in the Fall and Spring, and a half-day meeting in conjunction with the Annual Conference.

The Board also meets monthly for one-hour conference calls. SYTA and SYF utilizes an online communication tool, Basecamp, which also allows Board work to continue in between officially slated meetings.

Board members are also expected to participate in SYTA and SYF committees in the role of Board Liaisons. Most committees meet every four to six weeks for conference calls and may have a face-to-face meeting (e.g. at the Annual Conference or Summit). The conference call meetings are one hour; in-person meetings may be longer. The time commitment between meetings will vary, depending on assignments. In general, preparation time is 30 minutes. If appointed to serve on the executive committee, there will be time to work with staff to prepare and review meeting materials, agendas, and minutes prior to meetings.

Depending on the individual's background, the Board Chair may ask a director to take on additional responsibilities such as chairing a task force or acting as a liaison to other organizations.

As Board members are also expected to support SYTA and SYF’s strategic plans as it relates to membership, conference and events and supporting the SYTA Youth Foundation.
